Profile

Dynamic and driven computer science student with a profound passion for IT and development, I am eager to leverage my skills in UX/UI design , Web and Mobile development, Artificial Intelligence to make a meaningful impact. My enthusiasm for embedded systems and IoT fuels my innovative mindset, while my foundational business knowledge equips me to understand and address real-world challenges effectively. I thrive in collaborative environments, ready to contribute to projects that push the boundaries of technology and drive organizational success.

Skills

UI/UX
- Figma ,Adobe XD,Adobe photoshop,Adobe illustrator

Back End Development
- Java,Python,Php,Spring boot

Problem-solving skills

Market Research and Analysis

Front End Development
- HTML,Css,Javascript,Bootstrap,Angular

Embedded Systems Development
- System architecture
- Mcu programming : C/c++ , Python
- Pcb Design : Altium,Easyeda

Interpersonal Communication

Professional Experience

2024/06 – 2024/08
Sousse, Tunisia

Artificial Intelligence Intern
Ozeol Tunisia
- Completed a 3-month AI internship, collaborating with a team to develop and fine-tune models like LLaMA, XGBoost, and Random Forest, aimed at predicting potential suppliers by analyzing key performance and reliability data.
- Actively participated in data collection, preprocessing, and model training, contributing to the analysis of supplier quality..
- Collaborated to optimize models for better decision-making in supplier selection.
- This experience enhanced my teamwork skills and deepened my understanding of applying AI to business challenges, while my communication and business skills allowed me to serve as product owner , effectively managing the team and assisting the needs of both the prospecting and business departments.

2023/07 – 2023/08
Ettadhamen, Tunisia

Web & Robotics Instructor
Youth House Ettadhamen
- Guiding 15-year-old students through the steps of website development, starting from scratch with HTML, CSS, JavaScript, and PHP.
- Instructing the fundamentals of robotics, covering topics such as building robots, programming them with languages like Python and C++, and exploring concepts in mechanics and electronics.
- I have learned the importance of effective communication in explaining complex concepts in simple terms.

Education

2022 – present Hammam Sousse, Tunisia	**Licence in Computer Science** *University of Informatics and Communication Technologies in Hammam Sousse (Isitcom)* Third year IT and multimedia
2021 – 2022 Ariana, Tunisia	**Baccalaureate in Computer Science** *T2 Mahmoud Messadi High School* Average:13/20
2017 – 2019	**Access American Microscholarship Program** *US Embassy Tunisia*

Organizations

2023 – present Hammam Sousse, Tunisia	**Dreamers Isitcom** *Founder* • Taking charge of a club demonstrates my proactive attitude, sense of responsibility, and strong commitment. • I led negotiations, finalized agreements, and built strong connections with stakeholders, driving ongoing progress for the organization. • Through focused market research, I pinpointed potential partners and clients who shared our organization's goals.
